

CptS 322 Software Engineering Principles I

Spring 2020

Project Milestone 0

(Due Tuesday / January 21, 2020 on [Blackboard](#))

Assessment criterion:

- Repository setup
 - Each team member has a working account on a chosen repository
 - You may choose to use any **reliable** version control system to use, but you need to create a **private** repository for this course project.
 - As an example, [bitbucket.org](#) or [github.com](#) is recommended, but you may take your own choice.
 - Create a repository for this course project
 - Add a README for the project, stating what this project is about and the team info, etc.
 - Since this is a team project, only one team member needs to create the project repository, with others added as collaborators.
 - Add the TAs as collaborators too
 - The TAs will post their github and bitbucket accounts on Blackboard Discussion Board
 - If you are systems other than these two, please email the TAs to get their respective accounts.
- Team creation – with following information submitted only by the contact person of the team:
 - Team name
 - Please make it meaningful (hint: it could be the initials of team member first-names plus ‘-{your project name}’).
 - Team member names and WSU IDs
 - Later the contact person will communicate on behalf of the team with the TAs and instructor
 - In future Blackboard or email correspondences as a team, always start the subject with the team name

- Project name and repository address (URL link)
 - It is recommended that the team name is used as the repository name as well.

Note: each team submission, although undertaken by the contact person, will be graded for a team, meaning that all members will *initially* receive the same score the submission is worthy of.

Please use the following template for the submission of team info:

Team name	JTMM-evoting	
Project title	A web-based electronic voting system	
Project repository	https://github.com/jtmmpb/evoting	
Team members	Names	EECS account
	Jason Mars	jason.mars
	Tom Hank	tom.hank
	Martin Luther	martin.luther
	Mike Jordan	mike.jordan
